Dear Ms Abiodun Aderogba,

Re: ARM 81 Imodium Instants (loperamide hydrochloride) 12 tablet pack size
Request to reclassify a product from P to GSL.

We write on behalf of the Royal Pharmaceutical Society (RPS) to respond to the above consultation document.

The RPS is the professional body for pharmacists in Great Britain. We are the only body that represents all sectors of pharmacy in Great Britain.

The RPS leads and supports the development of the pharmacy profession including the advancement of science, practice, education and knowledge in pharmacy. In addition, we promote the profession's policies and views to a range of external stakeholders in a number of different forums.

Having considered the consultation documentation carefully, the RPS can confirm that it does not object to the proposal to reclassify Imodium Instants (loperamide hydrochloride), 12 tablet pack size from P to GSL medicine.

Thank you for contacting the Royal Pharmaceutical Society.

Yours Sincerely,

Julie Douglas.
