| Quality statement 6 ( <i>What the quality statement means for service providers, health care professionals and commissioners</i> ) | The Royal Pharmaceutical Society would like to highlight the role of pharmacists. As experts in medicines, pharmacists provide advice on how to take medicines, adverse effects, monitoring, possible interactions and cautions, to raise patients' and their carers' awareness of these and increase their understanding of their condition and therapy. Community pharmacies are accessible, open long hours and present in communities across the country, including areas of deprivation. |
