

PharmPress Internship

8 weeks from Monday 17th June

London

£19,201 pa pro rata

Are you a pharmacy student coming to the end of your 2nd or 3rd year?

We have a unique opportunity to join our energetic and dynamic editorial team working at the heart of content creation of our major reference works. Working within the publishing sector will give you a greater understanding of how the content, that you will use for your future careers, is created and enhance your ability to navigate around major PharmPress publications.

To undertake this Internship, you need to be available from 17th June for 8 weeks.

Your tasks will include:

- Preparing data to support content creation
- Tracking and reporting on progress of project work
- Updating our databases.

During your internship you will:

- Learn about publishing tools in a professional environment
- Gain an understanding of how clinical content is created
- Build skills and confidence
- Learn about how the Society advances the profession of pharmacy and supports its members.

The right candidates will have:

- Excellent communications skills, both written and verbal
- Excellent typing skills and general IT skills
- Good organisational skills.

How to Apply

Please send your **CV and covering letter along with your answer to the task below** to:

recruitment@rpharms.com

Thinking about both digital and printed reference works, in no more than 500 words, what are the barriers for healthcare professionals in accessing information and how may this be improved?

Closing date: 9am on Monday 1st April

Interview date: Week commencing 15th April
